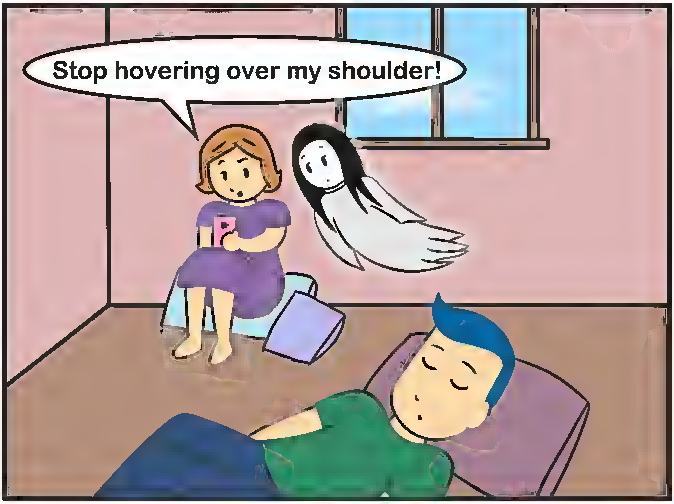
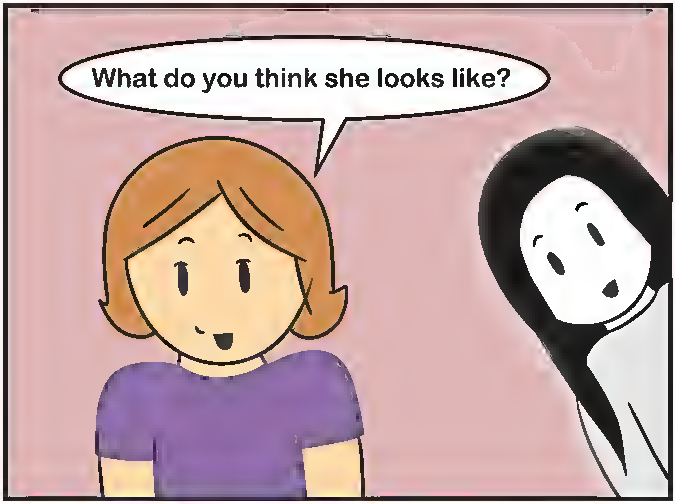
NICHOLALALA



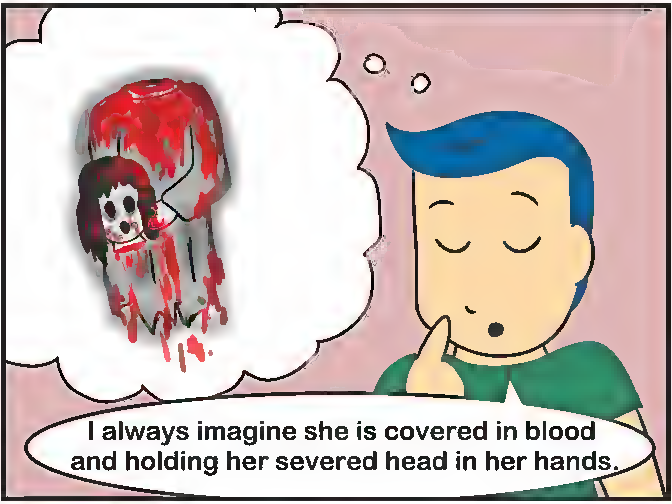
Stop hovering over my shoulder!

I'm not... Oh, you are talking to your ghost friend.

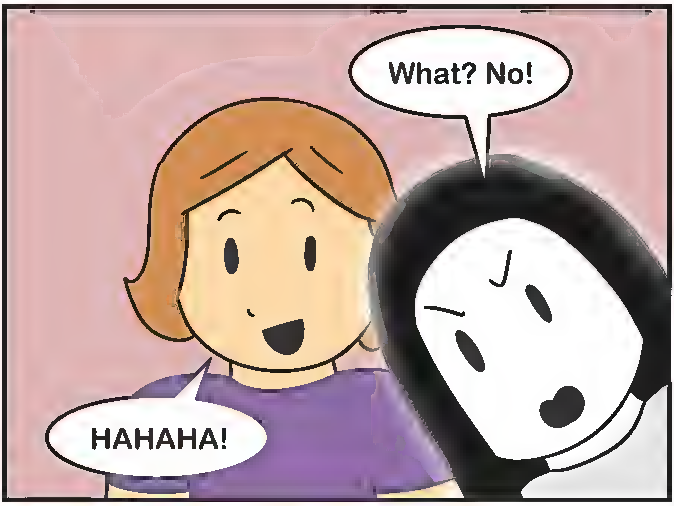
I realized I don't even really know what she looks like.



What do you think she looks like?

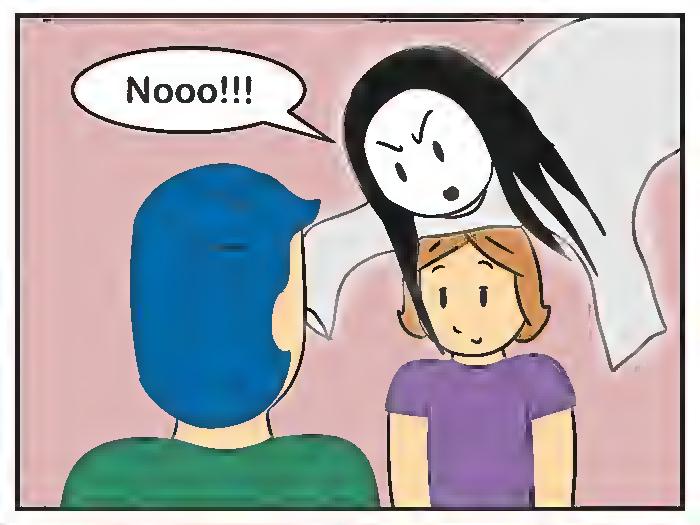


I always imagine she is covered in blood and holding her severed head in her hands.

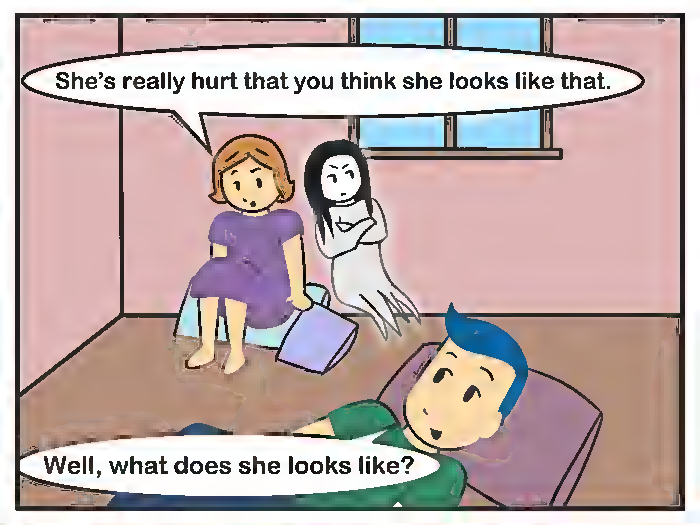


What? No!
HAHAHA!

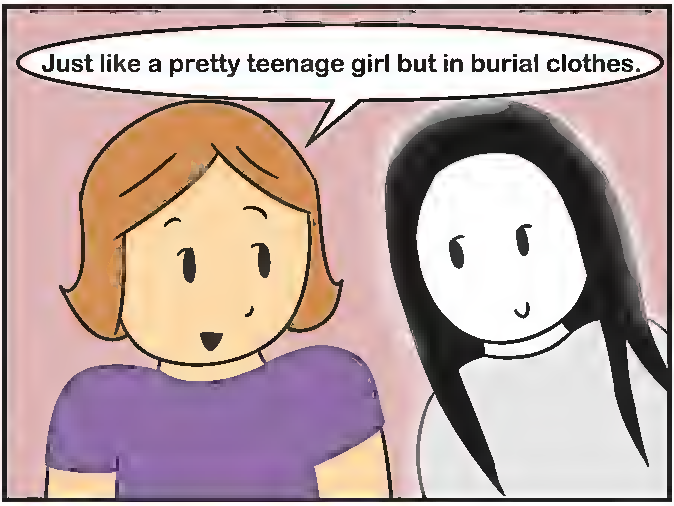
Or an old decrepit woman with long gross fingernails and stringy grey hair.



Nooo!!!

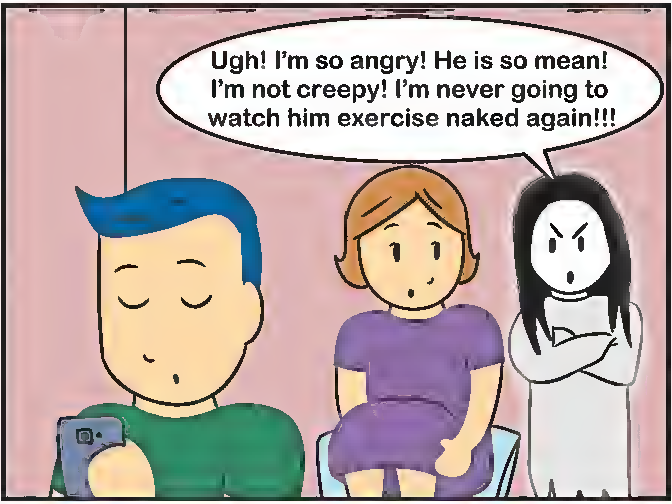


She's really hurt that you think she looks like that.
Well, what does she looks like?

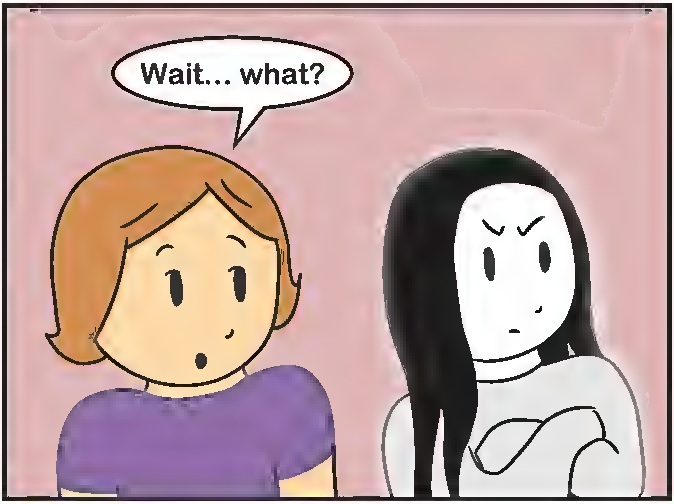


Just like a pretty teenage girl but in burial clothes.

That's still really creepy.



Ugh! I'm so angry! He is so mean! I'm not creepy! I'm never going to watch him exercise naked again!!!



Wait... what?
